

WESTFIELD WIND FARM CARDENDEN COMMUNITY FUND

CARDENDEN DECIDES

The Nadara Westfield Cardenden Participatory Grantmaking Event is a community-led initiative that puts funding decisions in the hands of local residents to help shape the Panel's decision on awarding projects. This event represents a unique approach to community development where those who live in the area help the Panel decide which local projects receive financial support. Each organisation's governance, financial management, policies and procedures have been reviewed during the application stage, and no significant concerns were identified.

THE VOTING PROCESS

Residents of Cardenden will receive three voting tokens upon arrival.

The voting system is designed to be flexible and reflect genuine community priorities—participants can choose to allocate all three votes to a single project they feel passionate about or distribute their votes across multiple projects. This weighted voting approach ensures that both breadth of support and depth of enthusiasm are reflected in the outcomes.

At the conclusion of the event, votes will be tallied and used to help inform the decision-making process of the Community Panel. Results of the voting will be announced around the 6th of November 2025.
